CREATIVE THINKING WITH MR KELLY

Name _____ Class _____ Date _____

By the end of this worksheet I can…

- ☐ use secondary research to explore a problem
- ☐ check sources are reliable and note where they came from
- ☐ analyse research and say what it means for my ideas

I DO — Worked example

Read how a full-mark answer is built

You have found an article saying 60% of pupils feel stressed at lunchtime because the dining hall is noisy.

1 Write an analysis comment showing what this research means for your ideas. (2 marks)

Full-mark answer each ✓ is one mark

This shows that noise is one of the biggest causes of stress at lunchtime for pupils ✓. So my concepts should focus on reducing noise, for example quiet zones, soft furnishings that absorb sound, or a staggered lunch ✓.

Why answers lose marks

"60% of pupils feel stressed at lunchtime."

0 points: repeats the fact without saying what it means for ideas.

WE DO — Guided practice

Use the starters and word bank to help you

Brief: an advertising campaign encouraging young people to be kinder online.

2 Describe three pieces of secondary research you could do, and what each would tell you. (3 marks)

Sentence starters

One … is …, which means …
Another … is …, so …
Also, … because …

Word bank

reports · studies · Mood board · existing · bullying · statistics · online · problem

Tip: 3 marks = 3 separate, developed points.

YOU DO **On your own** No notes. Check your answers afterwards.

3 Quick check: tick one box for each.
