Answers and marking guidance

Award one mark per correct, developed point unless stated. Other valid answers should be credited.

2 Describe how morphological analysis would be used to generate ideas for a desk tidy.

- Identify the important features/parameters and use them as table headings (e.g. material, number of compartments, shape)
- List several options under each heading
- Choose one option from each column, randomly or systematically
- Each combination gives a different idea to sketch

No marks for: Naming the technique only

3 Quick check

- a) Every idea is recorded without criticism
- b) It creates many unique combinations of variables
- c) Synthesis

4 Key terms

- 1 – A
- 2 – B
- 3 – C

5 Explain what is meant by ‘Refinement’.

- Adding detail needed to manufacture: final sizes, materials, construction and assembly.
