# Informational & promotional graphics

GRAPHICS WITH MR KELLY

National 5 · Design & DTP · Worksheet

Name _____ Class _____ Date _____

**By the end of this worksheet I can…**

- ☐ choose and justify bar charts, line graphs and pie charts
- ☐ explain the benefits of icons and symbols
- ☐ describe effective promotional graphics

## I DO — Worked example

Read how a full-mark answer is built

*A report shows (i) the share of sales by colour, (ii) sales month by month for a year, and (iii) sales in five shops.*

**1 State the most suitable chart for each and explain why.** (3 marks)

**Full-mark answer** each ✓ is one mark

(i) A pie chart, because it shows each colour's share as a part of the whole ✓. (ii) A line graph, because it shows the trend in sales over the year and can help predict future sales ✓. (iii) A bar chart, because it makes it easy to compare sales between the five shops ✓.

**Why marks are not awarded**

*"Pie chart, line graph and bar chart, because they are easy to read."*

0 marks if "easy to read" is the only reason given.

## WE DO — Guided practice

Use the starters and word bank to help you

*An airport uses icons instead of words on its signs.*
