- ☐ identify DTP features in a layout: text wrap, reverse, drop shadow, bleed, flow text along a path, columns, gutter
- ☐ explain why a serif or sans serif font suits a layout
- ☐ explain drop caps, pull quotes, placeholder text, master pages, layers, cropping types
- ☐ explain proofs, registration marks, crop marks and bleed

I DO — Worked example

Read how a full-mark answer is built

A designer produces several small, quick layout sketches before using DTP software.

1 Explain two benefits of thumbnails. (2 marks)

Full-mark answer each ✓ is one mark

Thumbnails are a quick way to try out a range of layout ideas before committing to one ✓. They can be shown to the client for feedback early, saving time on the final DTP layout ✓.

Why marks are not awarded

"They are small and easy."

0 marks: no benefit is explained.

WE DO — Guided practice
