Answers and marking guidance

Award one mark per correct, developed point unless stated. Other valid answers should be credited.

2 Describe two benefits of using computer-generated graphics.

- Shows aesthetics realistically: colour, texture, proportion
- Easy to modify without redrawing
- Can be shared electronically with the client or team
- Can be used for marketing before the product exists
- Can be rotated to view from any angle
- The file can be sent to CAM/3D printing

No marks for: "See it in 3D" on its own; Unqualified "quick", "easy", "accurate"

3 Quick check

- a) Orthographic drawing
- b) Changes can be made without redrawing
- c) Sectional view
- d) Non-experts find it easier to understand

4 Key terms

- 1 – B
- 2 – C
- 3 – A
- 4 – D

5 Describe the advantage of manual sketching.

- Quick and free early on; no training or investment.

6 Describe the advantage of CAD graphics.

- Easy to edit; many drawings from one model; links to CAM.
